2.27M views in 90 days, 72% of interactions from Reels

Creator reels: Musheera 5.3M and Ali Sabeel 1.3M views (paid boost)

Mention & Win: 266K views and 22,580 clicks for USD 600, 6 new accounts

X (Twitter)

REACH, BUT NOT IN SAUDI

738 followers, 96% in Bahrain and only 4% in Saudi

Saudi city tests in Jeddah, Dammam and Khobar in June

Engagement fell 42% in June while followers grew

Paid support paused since July

TikTok

PAUSED

15 followers, 176 total likes

Bot traffic found in May: 706K fake clicks through a partner ad network

Paid ads stopped on 22 June; traffic has been clean since

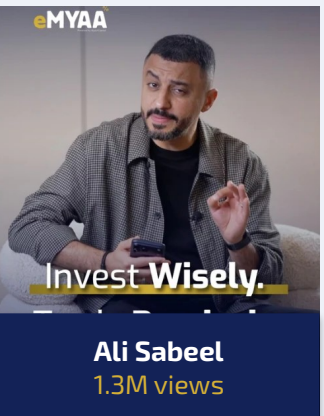

Audience not yet a fit for investing content

WHY INSTAGRAM OUTPERFORMED

Real people, not animation: presenter-led creator videos built more trust than graphic explainers.

Paid boost on every key video: reach came from sponsoring creator content to the right GCC cities and ages.

Contests that ask for action: Mention & Win turns views into follows and new accounts.

An eMYAA Poll Built on Personal Goals

THE POLL, IN ENGLISH

"If you started investing today, what is the first goal you would want to reach?"

Pay off my debts

Buy a car

Finish my studies

Get married

WHY IT WORKS

Personal, not technical: it links investing to goals young Saudis already think about every day.

Everyone sees it: a 24-hour takeover poll reaches about 2 million impressions across the Kingdom.

Easy to answer, easy to share: one tap to vote, and results and comments are live.

A clear next step: the display ads that follow point voters to eMYAA.

FOLLOW-UP AD AFTER THE POLL

كل هدف يبدأ بخطوة. ابدأ استثمارك المتوافق مع الشريعة من 50 دولار مع eMYAA

Every goal starts with a step. Start investing the Shari'ah-compliant way from USD 50 with eMYAA.
